The Community Assistant is a part-time paraprofessional position primarily responsible for programming, community development, crisis intervention, as well as fostering a living environment that is supportive and productive to all groups and individuals at the College regardless of their race, gender, religion, nationality, sexual orientation, or ability. Staff members are expected to support the mission and goals of the Office of Residential Services in addition to creating a residential experience that is supportive of the residents' educational ambitions and goals.

**Qualifications and Terms of Employment**

- **Enrollment Status:** In order to be eligible for student housing, Community Assistants must be enrolled in a degree program at Teachers College and registered for classes. To maintain housing eligibility, CAs must be enrolled and registered for a minimum of 9 credits or equivalent each semester (fall and spring). Two-thirds of each semester’s credits (6 points per term) must be earned course credits (e.g. not certificates of equivalency). Semester courses that are defined by the registrar as full-time qualify a CA for full-time status.

- **Residency:** CAs must live in Teachers College residence halls during their term of appointment, and are expected to be available and visible in their building.

- **Period of Appointment:** The Community Assistant period of appointment covers all vacations and holidays, including but not limited to: Thanksgiving, winter and spring breaks, as the residence halls are open year round. CAs may take a total of 21 days of vacation during their appointment term. These days should be used for personal and professional time away (e.g. vacation, holidays, conferences, data collection, etc.). All days away from the building must be approved by the Residence Directors, as half-staff must be present on campus at all times. All CAs are responsible for obtaining coverage for their floors while they are away if it will be for three or more days. Departing staff MAY NOT use vacation days during their final week of employment as a Community Assistant. Staff is not permitted to take vacation time during the following events: during move-in, move-out, training periods, or as needed.

- **Time Commitment:** The CA position requires, on average, 20 hours per week of contact time within the residence hall community, which may include but is not limited to the following: duty responsibilities, office hours (1 hour per week), meetings, and program planning/implementation. While the typical work week is 20 hours, peak times such as training periods and move-in/move-out times require an additional time commitment. The CA team will provide rotational on-duty coverage in the evenings, on weekends, and on holidays whenever the central office is closed.

- **Outside Work Policy:** The CA position should be the student’s primary non-academic activity. As such, all Community Assistants must obtain written approval from the Residence Director if they are interested in holding a job, internship, assistantship or any other position that is not academically related or required by their degree program. Additionally, all CAs must provide written documentation from their department for all academic work commitments that are required for their degree. Approval
will not be granted for any non-academic related work commitments requiring more than 20 hours per week.

- **Reappointment:** Each Community Assistant will receive an evaluation at the end of the fall and spring semesters, which will determine their eligibility to return to the CA role the following semester. Master’s level CAs will receive a one year appointment, maximum of three. Doctoral level CAs will receive a one year appointment, maximum of four. **(Reappointments are not guaranteed).** CAs are not eligible to return to the position if they have lived on campus for a maximum of 6 years.

- **Compensation:** Efficiency apartment in either Whittier or New Residence Hall or a one bedroom apartment in Bancroft, Grant or Sarasota Halls.

- **Job Performance:** A Community Assistant may receive a verbal or written warning, placed on job probation or be terminated from the CA position for failure to meet basic job functions as articulated in the CA job description.
