SPECIAL NOTES SECTION

Note I: International students are AT LEAST eligible for funding at the organizations marked with **; for other major funding organizations, stipulations may apply (i.e. country membership).

Note II: Many of these websites have links to other funding resources/organizations, or may contain helpful information about preparing applications and grant writing in general. Explore the possibilities!

Note III: Website addresses tend to change frequently. If a URL is not working, search for fellowships from the organization’s home page.

Note IV: In addition to the binder in the IED/CIE Programs Office, you can review other successful proposals in the Financial Aid Office in GSAS, 107 Low Library.
