Are you interested in carrying out an IED/CIE Internship?

The Center of Educational Policy at TC hosts an internship database that contains many internships related to International and Comparative Education and that is accessible to students who have taken IED/CIE courses. The Center connects Teachers College with public, private, and non-profit organizations in New York City, Washington DC and overseas by sharing the commitment, optimism and expertise of our graduate students through a flexible internship program.

Past internships have included: UNESCO, United Nations, UNICEF and The World Bank.

If you are interested in participating, please follow these steps:

1. Visit the website at http://www.tc.edu/edpolicy and click on the “Internships” side bar. If you have taken at least one ITSF course, you meet the minimum requirements to participate. Please fill out the on-line “Student Internship Request Form” and submit the on-line form to the OPR office.

2. Wait for verification of your request form. After being verified you will receive a message from the Student Internship Coordinator (Vikash Reddy) that will contain a description of the partnering organization’s mission statements, current projects, type of work to be conducted, job requirements and contact information.

3. If your interests and qualifications match the initial requirements of a listed internship, then contact the partnering organization directly by sending your resume and any other required documents to the organization by the posted deadline.

4. At any time, students can contact Vikash Reddy (212-678-3850 or reddy@tc.edu) or Luis Huerta (212-678-4199 or lah2013@columbia.edu) with questions or help through this process. In IED/CIE, you can contact the program assistant, Sarah Sherman, for assistance.
