School Psychology Clinical Experiences

Field Experiences and Clinical Practice: Master’s Program

Field Experiences

(early and ongoing field-based opportunities in which candidates may observe, assist, tutor, instruct, and/or conduct research)

Fieldwork experiences consist of an average of 1 day per week in assessment practica during the first year in the college’s clinic. (450hrs)

Clinical Practice

(student teaching or internships in which candidates are immersed in the learning community and are provided opportunities to develop and demonstrate competence in the professional roles for which they are preparing)

During the second year school-based fieldwork (minimum of 600 hours), candidates assess individual students referred for school-related and behavioral problems. In their third year, candidates complete 1,200 hours of school-based internship.

Total Hours: 2250
