SPRING HIGHLIGHTS

During the month of April, our fellows learned from Dr. Felicia Rutledge practices and reflections of self-care. These lessons can be utilized to model for their students and building up their classroom communities.

SPECIAL MOMENTS WITH MENTORS

March was a special time for our fellows, as they and all their mentors had the opportunity to sit down and work collaboratively on curriculum design, classroom management tips, and teaching advice.

OUR GRADUATES

We would like to celebrate our graduates. Huge congratulations in your accomplishments in graduate school! We could not be more proud of you all. Many blessings for all your future endeavors and journey in teaching.
