Technology Specialist Clinical Experiences

Field Experiences and Clinical Practice

Field Experiences

(early and ongoing field-based opportunities in which candidates may observe, assist, tutor, instruct, and/or conduct research)

As part of MSTU 4700, candidates spend a total of 100 hours observing the use of technology in schools prior to student teaching: 50 hours in an elementary setting and 50 hours in a secondary setting.

Clinical Practice

(student teaching or internships in which candidates are immersed in the learning community and are provided opportunities to develop and demonstrate competence in the professional roles for which they are preparing)

As part of MSTU 4700, candidates complete their student teaching requirements. Candidates are placed in schools where technology is used by teachers and students on a daily basis. Student teaching placements within the program total 40 days in schools: 20 days in an elementary placement, and 20 days in a secondary setting.

Total Hours: 300
