CommuniCamp is a mini-camp for children between the ages of 6 and 16 who use augmentative and alternative communication (AAC).

The mission of CommuniCamp is to help children who use AAC increase their communicative competence, build relationships with other children who use AAC and provide a fun environment for children to engage, socialize, and learn.

Mark Your Calendars!

Who: Children ages 6-16 who use AAC and want to have FUN!
What: Campers will engage in a variety of activities, such as Arts & Crafts, Book Club, and Games
Where: Edward D. Mysak Clinic for Communication Disorders at Teachers College, Columbia University
       525 West 120th St, New York, NY.
