2026-2027 Income Verification Worksheet for Federal Student Aid Programs

Your 2026-2027 Free Application for Federal Student Aid (FAFSA) has been selected for federal verification. Verification is a process required by the U.S. Department of Education to confirm the accuracy of the information reported on your FAFSA before federal student aid can be awarded and disbursed.

As part of this process, the Office of Financial Aid will compare the information provided on your FAFSA with the information submitted on this worksheet and any supporting documentation. Please complete the worksheet, attach all required documents, and submit the materials to the Office of Financial Aid.

Part I: Student Information

Last Name, First Name, M.I.	TCID Number	Telephone Number (include area code)
-----------------------------	-------------	--------------------------------------

Part II: Family Size for Independent Students

Please list your family size in the fields below. Your family size includes the following:

- The student.
- The student’s spouse, if applicable.
- The student’s dependent children if all of the following are true:
 - They live with the student (or live apart because of college enrollment);
 - They receive more than half of their support from the student; and
 - They will continue to receive more than half their support from the student during the award year.
- Other persons if the following are true:
 - They live with the student;
 - They receive more than half of their support from the student; and
 - They will continue to receive more than half their support from the student during the award year.

The provided criteria for “dependent children” or “other persons” mirror the requirement that family size align with those the student could claim as dependent on a U.S. tax return if the student were to file a U.S. tax return at the time of completing the 2026-2027 FAFSA. As a result, the student should not include any unborn children in the family size.

If more space is needed, provide a separate page with the student’s name and ID number at the top.

is ineffective. In other words, if the student and spouse filed separate 2024 IRS income tax returns, both must provide consent and approval to share and import income and tax information from the IRS. In most cases, no further documentation is needed to verify 2024 income information that was transferred into the student's FAFSA using income and tax information directly from the IRS via the FA-DDX.

If 2024 income tax return information for the student (or spouse, if applicable) was not transferred via the FA-DDXX and considered verified, the student should provide the institution with a **2024 IRS Tax Return Transcript(s) or a signed copy of the 2024 income tax return and applicable schedules.**

 - **Get Transcript Online** – Go to www.irs.gov, click “Get Your Tax Record.” Click “Sign in to your online account.” Make sure to request the “**Return Transcript**” and **NOT** the “Account Transcript.” Follow the instructions to create an ID.me account if you do not already have one. - **Individuals Who Filed Non-IRS Income Tax Returns:** A tax filer who filed an income tax return with a tax authority other than the IRS may provide a signed copy of his or her income tax return that was filed with the relevant tax authority. However, if the institution questions the accuracy of the information on the signed copy of the income tax return, the tax filer must provide the institution with a copy of the tax account information issued by the relevant tax authority before verification can be completed.
