What is an ePAF?
What is an ePAF?

Electronic Personnel Action Form

Data entry forms used to initiate employee transactions

These transactions include:
- Reappointments
- Transfers
- Rehires (for College Work Study appointments only)
- Labor/Hourly Rate Updates
- Termination of Jobs
Main Components of an ePAF

Elements that must be in order prior to moving transactions through the ePAF system.
Available ePAF Approval Categories

- Ordered by transaction type:
  - Additional Jobs
  - Adjustments to Active Jobs
  - Terminations/ Transfers
  - Reappointments

- Line breaks distinguish groupings
How to Determine Which ePAF to Use

- **Detailed Chart of ePAFs**

Reappt – Year Round (Salaried)

This ePAF is used to reappoint the following employee groups: Full Time Faculty & Instructional Staff, Full Time Professionals & Exempt Part Time Professionals. The employee must have an active employment record AND must be returning to the same appointment that is (or will be) terminated by the begin date of the new reappointment.

ePAF Approver Summary

**Current**
ePAFs sitting with you for action

**In My Queue**
ePAFs that will eventually come to you once the previous levels have approved

**History**
ePAFs that you have approved and are no longer sitting with you for action
Your Role as an ePAF Approver

- Approve
- Disapprove
- Return for Correction
- Acknowledge
How to Approve an ePAF (Method 1)

1. Click the Current tab
2. Click the employee name to take you to the ePAF for review
3. Review the ePAF.
4. Scroll to the bottom. Click one of the action buttons, and/or Add a comment.
How to Approve an ePAF (Method 1)

Add Comment
Adds comment to ePAF where all users can see

Approve
Approves the ePAF and moves to the next approval level

Disapprove
Returns ePAF to Originator; They can return it to themselves, update and re-submit if they wish; Please add comment

Return for Correction
Returns ePAF to Originator; They can update and re-submit if they wish; Please add comment

More Info
Removes it from your main queue, but still sitting with you for action; Common use if you need to wait for outside information before approving
How to Approve an ePAF (Method 2)

1. Click the Current tab
2. Click the employee name to take you to the ePAF for review
3. From the ePAF Approver Summary home screen, click the box in the Action column
4. Click Save
Act as a Proxy
Act as a Proxy

Where you go to approve an ePAF as a proxy approver

**must be requested in advance by supervisor submitting HR Systems Access Request Form**
Act as a Proxy

Proxy or Superuser or Filter Transactions

- Act as a proxy or a superuser and enter the following criteria to filter transactions:
  - Proxy For: Self
  - Act as a Superuser
  - Submitted From Date: MM/dd/yyyy
  - Submitted To Date: MM/dd/yyyy
  - Transactions Per Page: 25

Go

Your Role as an ePAF Originator

Create ePAFs

Input applicable information (varies based on each ePAF)
- Personnel Start Date
- Personnel End Date
- Salary/Hourly Rate
- Supervisor
- Comments

Track, review and make changes to ePAFs
New ePAF

Where you go as an Originator to create a new employee transaction

Electronic Personnel Action Forms

- **EPAF Approver Summary**: All EPAFs that you need to currently act upon are displayed in the Current tab. The queue status will be Pending, FYI, or More Information.
- **EPAF Originator Summary**: Displays only those EPAF transactions that you have originated.
- **New EPAF**: Allows you to create a new transaction.
- **Act as a Proxy**: Available to all self-service EPAF users who have been given proxy privilege.
- **EPAF Proxy Records**: Allows you to specify and authorize one or more users to approve EPAFs in your absence.
New ePAF Person Selection Screen

- Check the box to limit to search an Employee. Enter the Last Name and or First Name, or enter an ID, or enter the SSN/SIN/TIN. Select Go. A percent sign may be used as a wildcard.

  First Name  Last Name

- If needed, employee search functionality via First & Last Name

- Enter or Generate New ID

- * Indicates a required field. Enter an ID, select the link to search for an ID, or generate an ID. Enter the Query Date and select the Approval Category. Select Go.

  ID *

- Employee name will populate once TCID is entered

- Query Date *

  03/21/2023

- Approval Category *

- Input employee's TCID

- Input the effective date of the transaction

- Select the ePAF approval category

- Clicking Go will lock in your ePAF approval category selection
New ePAF Job Selection Screen

A. **Position/Suffix** - Where you manually input a position number if granting someone a brand new job

B. **End Date** - Displays the job end date; important for reappointments

C. **Status** - Displays the status of the job; important to select an active job for any epafs that make adjustments to an active job

D. **All Jobs** - by clicking you will see a listing of all jobs the employee has held at the College; this is important to review especially for reappointments
Now a Demo!
Step 1: Select an Employee & ePAF Approval Category

- First Name
- Last Name
- Is an em...

Enter or Generate New ID

ID *
T00061052
Klay Thompson

Query Date *
03/01/2023

</tbody>
</table>

- **All jobs**
- **Next Approval Type**
- **Go**
Step 3: Input Fields on ePAF

Fields to input will depend on the specific ePAF transaction selected; all mandatory fields marked by *

Electronic Personnel Action Form

Details
Name and ID
Klay Thompson, T00061052

Transaction

Transaction Status

Approval Category
Salary Update / Promotion, MODJ84

Query Date
03/01/2023

Enter the information for the EPAF and either Save or Submit.

Begin Appointment: 02/28/2023

Effective Date *
03/01/2023

Personnel Date *
03/01/2023

Salary *
0

Supervisor TC ID/UNI
Step 4: Save ePAF

Once all fields are filled, click Save at the bottom of the ePAF

When you have saved your EPAF, the transaction status will populated from a blank field to “Waiting”
Step 5: Submit the ePAF

After Updating or Saving the EPAF, you can choose to Submit or Delete the EPAF from one of the icons listed under the Index.

The EPAF will not be submitted until you Submit the EPAF. If the Transaction Status still shows ‘Waiting’ the EPAF has not been submitted.

Remember to only press Submit or Delete once.
Successfully Saved ePAF

Once all fields are filled, click Save at the bottom of the ePAF.

When you have saved your EPAF, the transaction status will populated from a blank field to “Waiting” and you will not see any error messages.
● Any errors will be identified upon saving the ePAF.
● Any errors will show in the top left corner with a text description of the error(s).
● The **Transaction Status** will remain at BLANK until a successful save.
● Review and fix the error as needed. Click **Save** to save the changes.
● A list of common EPAF errors can be found at the end of this guide.
Successfully Saved ePAF

- When you have successfully submitted your EPAF, you will see a green check mark at the top with the statement “Your transaction has been successfully submitted.”
- You can confirm that your EPAF was successfully submitted by reviewing the Transaction Status. It should be in a ‘Pending’ status.
- A list of common EPAF errors can be found at the end of this guide.
Defaulted Values, Common Errors and System Defects
Defaulted Values: Salary/Hourly Rate

Any ePAFs with a **Salary** or **Hourly Rate** have been defaulted to “0”

The ePAF will NOT error out, but be sure to **update this to the correct amount** - otherwise your employee will not get paid.
If you receive an error that says “Invalid value for Salary. Value entered must be numeric,” this means you have put a “$” (dollar sign) in the salary section on the EPAF. You cannot put a “$” sign in the Salary or Hourly Rate field.

Be sure to remove the “$” sign and then, after reviewing, click submit.
Defaulted Values: End Appointment End Date = 01/01/1900

Some ePAFs will have 01/01/1900 defaulted into the date field. Update this field to the end date of the appointment/transaction.
Date Input: Manual Entry

- Click datepicker. Calendar will appear. Do not select date.
- Close the calendar by click the datepicker icon again. Calendar will disappear.
- Click into date field and cursor will appear.
- Manually type in date in format MM/DD/YYYY

Due to a known defect, do not use the datepicker tool. Type the date into the field.
**Error: Incorrect Date Inputs**

Be sure manually enter the date on the end appointment. *(Do not use datepicker as it will override the dates in the begin appointment section.)*
Funding Allocation: Default From Index

When updating the funding information, you should only update two fields: Index and Account.

**Step 1.** Manually enter the Index field only

**Step 2.** Click Default from Index

**Step 3.** The Fund, Organization and Program fields will automatically populate.
Error: Account Code is required

**Step 4. Enter Account Code**

---

<table>
<thead>
<tr>
<th>COA</th>
<th>Index</th>
<th>Fund</th>
<th>Organization</th>
<th>Account</th>
<th>Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>133100</td>
<td>1</td>
<td>133100</td>
<td>720</td>
<td></td>
</tr>
</tbody>
</table>

- **Error(s) occurred.**
- **Funding Allocation - Account code is required.**
Defect: The Timesheet Orgn field causes error (shown below)

Resolution: Leave field Null
Other Items
Tracking Submitted ePAFs

As an EPAF originator, you can track, review the status of, and make changes to your EPAF by returning to the **EPAF Originator Summary** screen and clicking on the **History** tab.

From the **History** tab, an EPAF originator can click on the name of the employee and see where the EPAF is in the **Routing Queue** and any comments associated with the EPAF.
Tracking Submitted ePAFs

Monitoring Routing Queue. If an approver has a status of “Pending” this means that the ePAF is currently sitting with them for approval.

“In the Queue” means that the ePAF will go to this person, once the previous levels approve.
If an approver needs you to make a change on the EPAF, they will return the EPAF for correction. If you receive an email notification that indicates that you have an EPAF in your queue, the EPAF has been returned to you.

From the **EPAFS (Electronic Personnel Action Forms)** home screen, navigate to the **EPAF Originator Summary** tile
In your **Current** tab, you can filter by **Transaction Status**. Click the drop down arrow and select **Return for Correction**. EPAFs that have been returned to you for correction will now populate the listing.

Click the employee’s name to be taken to the ePAF.
ePAFs Returned for Correction

- Scroll down to the comments section to review the reason why the ePAF was returned.
- Click **Void** to delete the EPAF and remove it from your queue. No further action can be taken on the transaction.
- Click on **Update** to make changes. You’ll be able to make any adjustments necessary on the ePAF fields. Click **Save** and then click **submit** to send the ePAF back to the routing queue.
Establishing Default Routing Queues

Default Routing Queues allow you to automatically populate approvers in your Routing Queue. You must create a default routing queue for each EPAF (i.e. setting up a default routing queue for Course Assistant EPAFs does not automatically set up a routing queue for Course Assistant EPAFs).

To establish Default Routing Queues, click on EPAF Originator Summary from your EPAF Menu.
Establishing Default Routing Queues

Select the EPAF you wish to establish Default Routing Queues for from the drop down (remember, you must set up default routing queues for each EPAF). Then click GO.
Establishing Default Routing Queues

Select the EPAF you wish to establish **Default Routing Queues** for from the drop down (remember, you must set up default routing queues for **each** EPAF). Then click **GO**.
Establishing Default Routing Queues

Click on the drop down menu to select the user for each Approval Level. Please note that user names can be updated when creating new ePAFs. Click **Save Changes**.

You can establish the default routing queues for another ePAF by clicking on the **Approval Category** and clicking Go. You’ll be presented with the mandatory approval levels for that ePAF. Select the user name from each level. Click **Save Changes**.

<td>Indicates that the transaction is in the process of being created</td>
</tr>
</tbody>
</table>

## Action Buttons Guide

- **Approve**: Approver(s) - The transaction will progress to the next level of approval in the transaction queue.
- **Comment**: Originator / Approver(s) - Available on all transactions for users as a free text field to share additional information.
- **Disapprove**: Approver(s) - The transaction will be removed from all levels of approvals and no further action will be possible.
- **Return for Correction**: Approver(s) - The transaction will be returned to the Originator for update/correction.
- **Update**: Originator - Available on transactions that have been returned for correction and the originator can make changes and submit for approval.
- **Void**: Originator - The transaction will be removed from all levels of approvals and no further action will be possible.

## Summary Page Guide

- **Current**: Originator / Approver(s) - Transactions that require your action.
- **In My Queue**: Approver(s) - Transactions that will require your action after predecessor levels have been approved.
- **History**: Originator / Approver(s) - Transactions that you have already taken action on.
