Enter the Timesheet Orgn. This is the same as the Organization field in the Funding Allocation section (Step 4). Input the index the transaction is being charged to and click Default from Index. The funding effective date will default from the query date that was inputted in Step 1. This should be 9/16/2023 for Fall 2023 appointments.

The funding information **MUST** be updated from the defaulted values. Enter your index number and click the button for “Default from Index.”

**Please Note:** When you click “Default from Index,” the system removes the defaulted account. If you forget your account, you can always refer to the e-class & account chart.

Finally, ensure the total of each row in the Percent column is 100%.

**STEP 5: Input End Record Information**

The Effective Date is hardcoded and aligns with the end of the semester.

In the Personnel Date, enter the actual end date of the reappointment.
