

Bright Horizons® Benefits

Support for Your Whole Family

As we continue to navigate life during the COVID-19 pandemic, **Bright Horizons®** benefits can help support your family's needs this fall and beyond.

Rely on **Bright Horizons Back-Up Care** while you continue to work remotely or plan for your return:

- You have access to 120 hours of back-up care per year. In recognition of the care challenges many families are currently facing, we have increased the number of back-up hours to 200 for the current school year.
- Individualized in-home care is available from high-quality providers throughout the U.S. – including care options for children as well as your adult and elder loved ones.
- Center availability may be limited by local mandates and reduced group sizes – access the [center locator](#) to find locations and check back as we continue to reopen centers.
- Health and safety are our top priority. Learn more about the Back-Up Care COVID-19 Policy by accessing current [guidance for families](#) as well as [guidance for providers](#).

Available Now – Secure Care Using Your Own Caregiver

You now have the option to secure care using your own personal network — a neighbor, friend, or babysitter — and receive a reimbursement of \$100 per reservation. Simply make a reservation for back-up care and choose Out of Network Care as your provider. Any use of Out of Network Care will count toward your back-up care hours available.
