2. One way we build community is through song and shared experiences. During the school year, we invite children to share their favorite things with their classroom community. Sometimes, our favorite things are keepsakes from a past experience, items that remind us of a place or loved one, a tribute to our unique backgrounds, or a preferred book or toy. What are a few of your child's favorite things, and why are they significant to them?

3. What is most important to you as parent(s) as you consider an early childhood program for your child?
