"I'm so grateful for all of our instructors and for my peers for making this TCP experience not only profoundly educational, but also deeply enjoyable. There are so many learnings to reflect on and build on, and I'm very much looking forward to keeping in touch with everyone as we continue on our paths. Thank you, everyone, for your hard work, dedication, curiosity, compassion and presence — I'll miss seeing you every week (even if only through a screen)!"

- Myra Manning

“Both the pedagogy and experiential portions of the TCP experience put me solidly in touch with WHY I want to TESOL, HOW I can be an effective TESOL teacher, and WHAT I need to do to keep learning as I work to stay on target for each and every student who wants to take the journey of learning another language.”

- Donna Lewis

“An enriching and meaningful experience! I learned why teaching is so valuable to individuals and to society as well as how to teach with methodology and how to implement intentionality in my interactions with students. I am so grateful for all the rich resources provided by teachers and fellow teacher-students, which I can’t wait to use and explore again throughout my future teaching experiences.”

- Lea Barouch

“I am so proud to be part of this program and of this cohort. It has been an incredible experience to work alongside such motivated colleagues and under our passionate teachers. It will be a privilege to empower our students with this knowledge.”

Alexis: No, actually my brother is studying (study) at the university here.

Melissa: What about your sister?

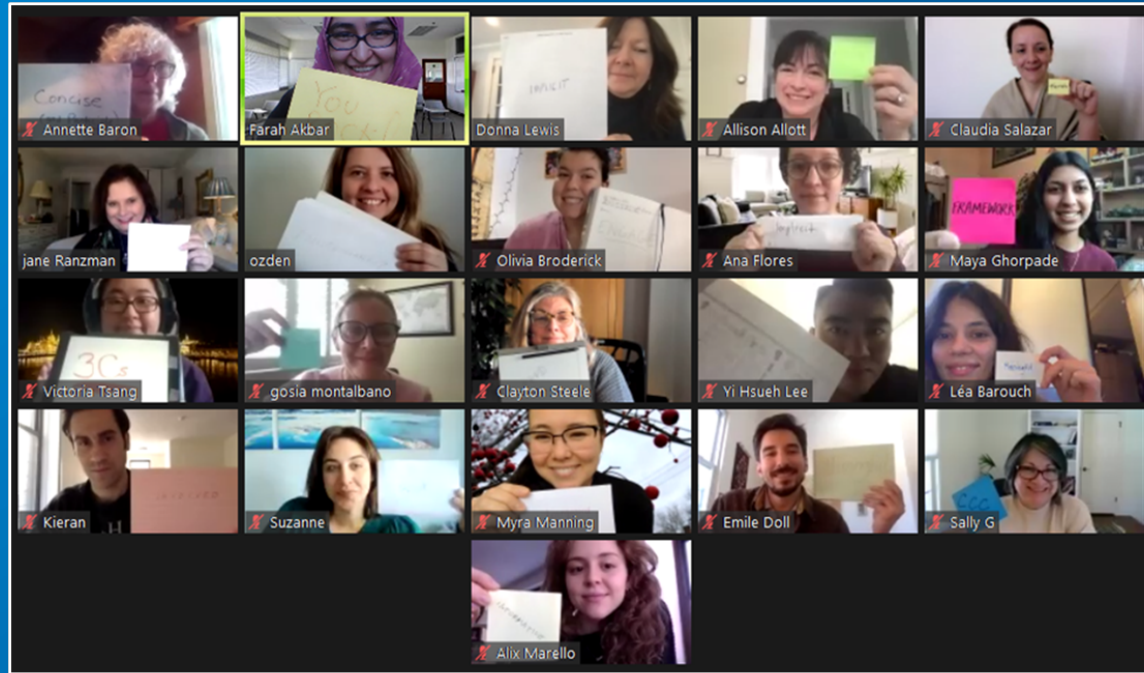

Alexis: She is working (work) at a cafe. Also, she wants to travel with her friends. What about you, Melissa?

“My experience in the TCP program was nothing short of incredible. I am deeply grateful to the mentors, instructors and faculty who worked tirelessly to cultivate such a rich learning environment for us all!”

- Maya Ghorpade

“My experience at the TCP changed the way I see myself as a human. I began from a place of skepticism about my own ability to learn and improve, but now believe that I am capable of offering something to others. All of the faculty and students were inspiring to me. The rigor, camaraderie, and personal accountability required by the program are things that I will continue to seek.”

- Kieran Morris

“The TCP has been an amazing experience. I’m in awe of all the teachers who have put together this incredible program. Special Thanks to my mentor Chris and to my teammates Clayton and Kieran for taking this journey with me and for reminding me to ask myself, ‘what is the language objective?’”

ASK A MANAGER

Dear Allison,

I haven't had an interview in a long time, and I've never been good at it. I have good references, have worked on interesting projects, and have good skills. But I'm very introverted. If someone asks me, "Why should I hire YOU?" I have no idea how to answer. Saying "I'll do a great job" seems like a ridiculous thing to say.

I've done well at all of the jobs I've had — it's just getting past the interview that baffles me. What should I do when an interviewer asks me this question? Do you have any tips that would help?

Sincerely,

Jane Doe

“The TCP taught me how to take my love for people, students, and education and apply it to teaching English in the best way possible—It's not about teaching to the textbook, it's about creating fun, implicit, and beautiful input.”

- Alix Mareello

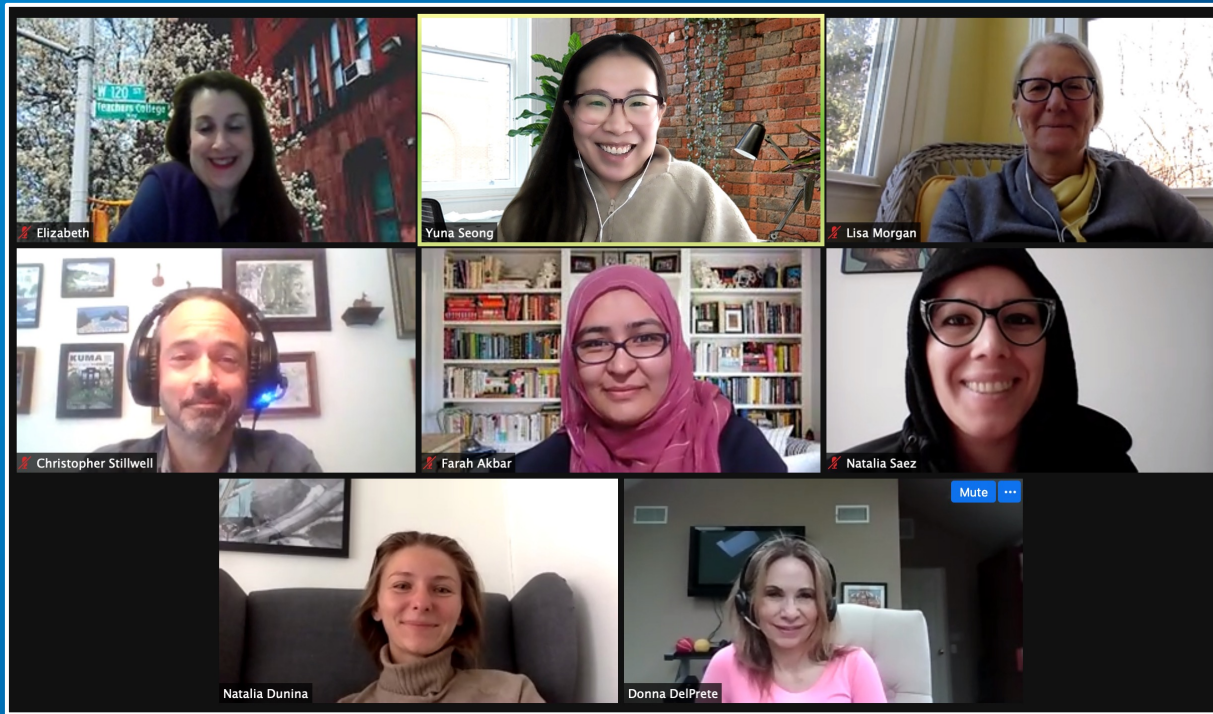

“TCP offers a rich curriculum with great depth and breadth. The program provides foundational best practices to enable teachers to establish their individual pedagogical philosophies. TCP teachers were not only subject matter experts, but were deeply committed to the field.”

– Jane Ranman

“The faculty was incredible. You can tell how much they love what they do and their enthusiasm was contagious. And so were my fellow classmates, I am so grateful for their inspiration and the high bar that they set in a friendly non-competitive way.”

“The most important course I have ever taken. It not only provided a comprehensive understanding of key ESL topics, but gave me motivation and inspiration for the future.”

“My TCP experience was extremely meaningful, and extremely informative. The knowledge of the incredible instructors along with the support and insight of my peers gave me the opportunity to learn and grow as a teacher in a safe and encouraging environment. I can honestly and wholeheartedly say that I feel so much more equipped as an educator and as a lifelong learner as a result of this program.”

Thank you all for being part of the TCP Team!
We wish each of you the best in your future academic and professional endeavors!
