

Name Sharon

Occupation Black smith

About My Job

Read the description of your job in the packet provided. Then write about it. In your writing, be sure to include this information:

- 6 • Tell what your job does for the town and its people.
- 4 • Tell about what people you interact with during the work day.
- 1 • Describe the place you work in. What goes on during the day? What things would people who came to visit see?
- 2 • Tell what tools you use and how you use them.
- 5 • Does you travel to nearby places or stay at your workplace?
- 3 • Tell about the products that are made. Tell how they are used by the townspeople.

Be sure to write the description in complete sentences. Do not just make a list of things.

In the morning I go to work. If you come to visit me you would see a big fire place called a forge. You would also see a work table. I have a lot of tools. I have a tongs and that is used to hold things that are too hot. I have a anvil and its a big block that I use to make the shape of what ever I am making. I make candlesticks for light, nails, horse shoes for peoples oxen and horses. I also make other things like anchors and forks, spoons things
